THE CONCEPT

Vale da Ria is a turnkey villa project a stone's throw away from the ocean. It lends its name from the nearby estuary of Alvor, Ria de Alvor. The villa boasts **prime ocean views** and is surrounded by **nature's splendor**. The well-renowned architects from **Studio Arte** seamlessly integrated the villa into the landscape following the slope of the hill, using natural tones and a green roof.

The interior design is a **harmonious blend of nature**, creating a **calming atmosphere** throughout the home with earthy tones, faux finish painted walls, natural ceramic tiled floors, high suspended ceilings and indoor patio's with large windows that **flood the rooms with natural light**.

THE HEART OF THE HOME

The villa is spread over two floors. At the **heart of the home** on the main floor is the open-plan living area, which includes the kitchen, dining area and living room with large sliding windows that offer views of the pool and the ocean.

The **kitchen is designed for entertaining** and optimized for cooking pleasure, featuring a large kitchen island with a cooktop facing the windows and the dining area. The kitchen cupboards are elegantly finished with smooth lacquered doors, built-in top-quality appliances and a Silestone countertop.

ROOM WITH A VIEW

There are **3 bedrooms**, all **with views** of the pool and the ocean, allowing you to wake up with the sunrise. The master bedroom has a walk-in wardrobe and en-suite bathroom. The other rooms share a bathroom. Both bathrooms have windows to the **indoor gardens**, providing natural light while preserving privacy. Additionally, there are 3 guest-bathrooms, one on each floor and an outdoor toilet. The office sits at the back of the house, overlooking one of the indoor gardens creating a peaceful atmosphere. The double garage, laundry room and storage space are located in the basement.

OUTDOOR LUXURY

The outdoor space exudes luxury with a LED-lit infinity pool and a landscaped garden with exquisite ocean views. The flat green rooftop seamlessly integrates in the landscape. On the rooftop is extra entertainment space with **360-degree views** to enjoy the Algarve sunsets.

The villa will be constructed with an emphasis on modern insulation and is designed to be a **passive house**. Features include the installation of solar panels, hydraulic underfloor heating, aluminum framed double glazing with thermal breaks, and a mechanical ventilation system.

Additional luxuries such as an outdoor BBQ, ceiling-height interior doors, interior blinds, a fireplace, indoor wooden floors, an automatic pool cover, a pool heat pump, and a **jacuzzi** on the rooftop can be added. **Live in luxury.**
